Phone: 847-4410 ext. 4413

Course Outline

Sociology is the study of the human relationships. It concerns itself with the social rules and processes that connect and separate people not only as individuals, but as members of associations, groups, and institutions. Sociology is interested in our behavior as social beings; thus the sociological field of interest ranges from the investigation of short contacts between anonymous individuals on the street to the study of global social processes.

Units of Study

The material for this course is divided into the following units:

- Culture and Social Structure
- The Individual in Society
- Social Inequality
- Social Institutions
- Changing Social Movements

Supplies Needed

You will need your school issued Chromebook since we use Google Classroom daily, notebook or loose leaf paper, folder and/or binder, an agenda issued by MHS or other planner, and a blue/black pen or pencil for class. You will bring these items with you every day. Clear or mesh backpacks may be used in the classroom. Cell phones will not be needed and should be stored out of sight.

Classroom Conduct

There are several general rules that will be followed in this classroom. Students will be respectful, responsible, and be willing to learn. You are expected to be in the moment by paying attention to the task at hand. This means you will refrain from working on materials other than what we are currently working on. Cell phones should be stowed away out of sight so you are not distracted by them. This classroom will be an environment where everyone has the opportunity to learn and succeed. I will do my part and I expect that you will do your part.

Employability Skills

Periodically I will ask you to evaluate your employability skills. Your evaluation is based on your attitude, attentiveness, work ethic, and participation in class.

Attendance

If you miss class, it is your responsibility to find out what you missed. My lesson plans are posted on Google Classroom. Assignments and tests missed during an absence must be made up in a timely manner at a time agreed upon by the student and the teacher.

Tardiness

Be ready to learn when class begins. Please refer to the student handbook regarding tardy policies. Both of your feet need to be in the door at the designated start time.

Grading

This course has a weighted grading scale. The breakdown is as follows:

Formative (Homework, Quizzes, Daily Work)—30%

Summative (Assessments/Major Projects)—70%

The standard school grading scale will be used:

93-100 (A); 90-92.99 (A-); 87-89.99 (B+); 83-86.99 (B); 80-82.99 (B-); 77-79.99 (C+); 73-76.99 (C); 70-72.99 (C-); 67-69.99 (D+); 63-66.99 (D); 60-62.99 (D-); 0-59.99 (F).

Homework Policy

Homework is designed to be practice to assist students in their learning. Be sure to complete homework on time so you will not fall behind. The more effort you put forth the more you will gain from class. Homework must be turned in by the regularly scheduled summative assessment for the opportunity for credit.

Assessment Retake Policy

Students have the opportunity to retake all summative assessments except final exams.

- Students must make a legitimate attempt on the original assessment before being eligible for a retake.
- Retakes are a comparable assessment on skills not mastered from the original assessment. An entire retake can be given if a student does very poorly on the first assessment or parts can be retaken if the full assessment is not needed. The teacher will make this determination.
- Students can take one retake per summative assessment. The most recent assessment results will be reported.
- I will prepare students for retakes by offering re-teaching opportunities during Pride Time. Quizlet may also be utilized. Students will also be expected to complete any missing work for the unit or redo some of the formative work for additional practice as part of the reteaching process.
- Retakes must be completed in a timely manner as indicated by the teacher, but no later than the next summative assessment, unless the teacher gives permission otherwise due to unforeseen circumstances.

Academic Dishonesty

Cheating will not be tolerated and you will earn a zero! There are possibly some additional consequences if you are subject to the extra-curricular code of conduct as well. Violations of academic dishonesty include:

- copying homework
- looking on another's test or quiz
- using other secretive methods of giving answers on a test or quiz
- taking information from another source that is not properly cited such as "copying and pasting" papers or sections of papers from the internet, publications, or other students
- illegally obtaining any part of a test to use for oneself or to give/sell to others
- doing homework or other assignments for another student

Disciplinary Action

The student handbook will be followed. Please refer to it for a detailed explanation.

Food and Drink

Students will be allowed to bring drinks and food into the classroom as long as this privilege is not abused and students clean up after themselves.
