What's Happening @ EASP

We're off to a fantastic start at the Eagle After School Program! The energy has been high, and our students are diving right into a wide range of exciting enrichment activities.

So far this fall, we've had special visits from the Hatch Public Library and other wonderful community organizations, bringing fun and learning right to us. Our weekly schedule is packed: Mondays and Wednesdays focus on literacy-based activities, while Tuesdays and Thursdays are all about hands-on STEAM fun. Fridays are a student favorite, featuring activities like swimming, baking, slime making, scooter nights, and more!

With fall in full swing, we're looking forward to even more seasonal activities and new experiences. Thank you for being part of the EASP family!

Attendance Reminder

The School District of Mauston is proud to be a recipient of the Nita M. Lowey 21st Century Community Learning Center Grant, which fully funds the Eagle After School Program. One important requirement of this grant is that students attend the program at least three days per week. Consistent attendance helps ensure we continue to receive this valuable funding. If your child is currently unable to meet this requirement, please reach out to us to discuss possible alternatives.

EASP Closure Dates

- October 31
- November 7
- November 26
- November 27
- November 28
