Hello EASP Families,  
Can you believe there are only 14 days of school left! The final night of the Eagle After School Program is June 1st. EASP staff are busy planning an exciting end of the year celebration for all EASP students! The end of the year celebration for West Side Elementary will be on Thursday, May 26th. Students who attend EASP at Grayside will have an end of the year celebration on Tuesday, May 31st.

Looking ahead to next year, I want to remind families to please register for EASP as soon as possible. Currently we have 140 students registered in EASP! Each year certain grade levels fill up quicker than others and we have to add students to a waiting list. Registration for the 2022-2023 school year which will include the registration form for EASP will open in mid June. Watch for further information from the School District of Mauston regarding registration in the next few weeks.

Thank you for allowing us to care for your children. It is a pleasure seeing their faces each night. I hope you have a wonderful summer vacation!

Like always, please feel free to contact me with any questions or concerns.

Thank you,  
Stephany Georgeson
