Hello EASP Families,

Students at EASP have been busy learning and having fun at EASP! Here are a few highlights from October:

The 4K and Kindergarten classrooms completed a 5 Little Pumpkin STEM project and they did awesome brainstorming and problem solving!

The 1st and 2nd graders at West Side learned about wolves and coyotes from a special guest speaker from the Necedah National Wildlife Refuge!

3rd, 4th, and 5th graders have been busy swimming, cooking, coding, completing STEM projects, and playing math games!

The Lyndon Station group mastered a rollercoaster STEM project using only paper, cardboard, tape, and a marble! They also made harmonicas using only straws, tape, and rubber bands!

As always please don't hesitate to reach out to me with any questions or concerns!

Thank you,

Stephany Georgeson

**November EASP Closure Dates:**

November 12th

November 24th, 25th, & 26th

**Student's Voice Student's Choice!**

Starting in December, students attending EASP on Fridays will have the opportunity to discover new passions, explore new things, and learn life-skills! Here are some of the activities students will be able to choose from: coding, cooking, sewing, dance, board game tournaments, and seasonal craft projects!

Winter is around the corner and it's getting chilly out. Please remember to send warm clothing with your children, so that we can still get outside and enjoy the fresh air!

**ATTENDANCE ANNOUNCEMENT!**

**Eagle After School Program is funded through a grant. The grant requires regular attendance to guarantee program funding. Please plan on attending 4 or more days a week.**
